

LOT: 798 - 3 EMBRYOS KINGS-RANSOM DROPBOX [SEXED] X S E

LOT: 798	3 EMBRYOS KINGS-RANSOM DROPBOX [SEXED] X S E MADELENE 1		
3 embryos	♂ KINGS-RANSOM DROPBOX-ET HIGHJUMP x CASPER x DELTA	♀ S E MADELENE 1 DELTA-LAMBDA x PITBULL x REALITY-RED	

Embryos out of the direct Farnear Delta-Lambda daughter of Bolleholster Adele EX-91 (by Pitbull RDC). Adele boosted her show career after winning the class at the European Championship in Libramont 2019. In the same lactation, she also won the Junior Champion Opmeer 2019. With her score, the EX-91 Pitbull RDC daughter is the 9th generation VG / EX in a row.

In just four generations, Lambda daughter Madelene 1 traces back to one of the most influential breeding cows worldwide: Kamps-Hollow Durham Altitude RDC EX-95. The Aiko line from Altitude is known for its fantastic milk production coupled with high components.

The impact of Madelene 1's sire, Delta-Lambda, on the Holstein breed is huge. His first daughter-tested index brought strong evidence for his conformation qualities and for a long time he was the number 1 daughter-tested udder sire. Lambda daughters are known for their femininity, are very well-balanced and also bring late maturity and strongly built frames with phenomenal udders that produce a lot of milk.

Flushed with **Kings-Ransom Dropbox [sexed]**. Dropbox is a Highjump son with a sky-high TPI of 3012, which has continued to rise since his 12/2021 run! In addition, the Kings-Ransom Baxter Dolly offspring tests +3.20 PTAT with +3.13 UDC, positive components and transmits good longevity (PL). His pedigree includes four excellent dams in a row.

This combination brings in a stunning pedigree from both paternal and maternal side!

The embryos are stored in Netherlands.
