📷 Lot 1 VG-85 Alligator - VG-87 Illustrator P, dam to lot 18 - lot 8 VG-89 Chief

PTAT scores up to +3.23, Red Holsteins up to 2892 gTPI & multiple polled lots!

Well producing Holsteins, top Red Holsteins, or stunning Jerseys. Absolutely stunning cows that everybody desires in their barn! From cowfamilies such as Regancrest-PR Barbie, MS Kingstead Chief Adeen, Des-Y-Gen Planet Silk, KHW Goldwyn Aiko RC, Markwell Bstar E Raven, Rapid Bay Whistlers Rumor, and others!

From VG scored 2-yr-olds, Excellent scored cows, to pregnant heifers, and calves!

Dear breeders,

We are proud to present to you the catalogue of the Roccafarm Celebration Sale!

Looking back on 25 years, we can now show the result of our consistent work with solid, well-breeding cow families. We have always kept our breeding goal in mind: healthy cows that produce a lot of milk easily and can achieve high lifetime productions. Our breeding story has gained momentum with the purchase of Vendairy Breesh, and many of her offspring are now offered in this sale. Other families that have proven themselves in our stable are also featured.

To get a good idea of the females that will sell, we have made videos and photos. In this way, we give an even more accurate and unfiltered picture of the lot numbers. Of course, it is also possible to view the animals on site. **This is possible on Monday 5, Tuesday 6, and Wednesday 7 August, but only by appointment by telephone.**

The offer of this auction includes a very nice and diverse breeding result: milkers, both Holstein and Red Holstein and Jersey, with high genomics, super conformation and polled genetics! In short, there is something for everyone!

The auction will take place online via the website: roccafarmsale.farmersbid.com. The auction will start on 07/08/2024 at 12:00 noon and the final allocation of the lots will take place from 09/08/2024 at 1:30 p.m., in catalogue order.

Sincerely,

The Roccafarm team

Roccafarm Holsteins - Rue des prés 1, 1370 Saint-Jean-Geest, Belgium

Online bidding at FarmerBid.com

Step 1: Register

To create an online bid account

- Go to bid.farmersbid.com/register. You will then be redirected to a secured registration page.
- There you can fill in your personal details and confirm the terms and conditions.
- Click on the "Register now" button.
- Then you will receive a confirmation e-mail from WeAuction.

Step 2: Wait for verification of your account

- After the registration, your account needs to be verified by the salesorganisation.
- Once your account has been verified, you will receive an e-mail with more information on how you can create your username and password.

Step 3: Bid online at the auction

On Wednesday, August 7 at 12:00 (CET) the prior 'Pre-bidding' starts, which means that you have two days to place bids before the actual auction. The online final auction will start on Friday, August 9 at 1.30 pm. The lot numbers will follow in catalogue order.

- You can login via the login button or <https://bid.farmers.com/login>.
- Fill in your username and password.
- After you've been logged in, you automatically find yourself in the bidding system.
- After entering your login details, you will have access to the bidding system and all upcoming auctions organized by FarmersBid.com.

Important: Before you can place a bid, you must first unlock the bid button. Unlocking the bid button is an additional protection for the bidder/buyer. The chance to make an offer by mistake is herewith reduced. After activating the bid button, you will participate in the auction by a single click on the bid button (no further confirmation of the bid needed).

If you have placed a bid, the screen will indicate whether your bid has been accepted and whether you are the highest bidder.

Step 4: You are the highest bidder

If you are the highest bidder, you will receive an e-mail with the confirmation right *after* the sale. Therefore it is important to be available via the telephone number and/or e-mail address given in your account.

Voor technische vragen kunt u contact opnemen met onze helpdesk via +31 6 2421 7748.

Terms and Conditions

By placing a bid you agree to the following terms and conditions:

1. The final sale in catalogue order will be held on Friday 9 August 2024, from 13:30 (C.E.T). Bids can be placed from Wednesday 7 August 2024, 12:00 (registration at FarmersBid.com required).
2. All auction numbers are sold on behalf of: Roccafarm, Hulsbosch Ivo, Rue des prés 1, 1370 Saint-Jean-Geest, Belgium
3. Location of the selling lots: Roccafarm Holsteins, Rue des prés 11, 1370 Saint-Jean-Geest, BE
4. At all times, sales organisation FarmersBid only acts as an intermediary in the establishment of a (purchase) agreement between seller and buyer. FarmersBid is not liable for visible or invisible defects of, to or in relation to the sold or delivery thereof, regardless of the nature or extent of the defects and for damage to persons or property caused by or in connection with this online auction.
5. Each participant in the auction agrees to the terms and conditions of the auction.
6. All reported or investigated depreciating defects and incorrect or missing auction information will be announced prior to the sale and/or mentioned in the lot's information and/or mentioned in the sales update.
7. Prior to the auction, all the animals were tested negative for neospora, BVD and IBRgE and come from a farm with paratuberculosis status A. Animals born after 01/12/2022 are unvaccinated, but may have maternal antibodies (via colostrum from vaccinated dams). All calved cows have been vaccinated with IBR marker vaccine. **As a result, they do not qualify for export to IBR-10 countries, such as Germany and Denmark.** Belgium is not officially free of bluetongue (same status as the Netherlands), so this must be taken into account in case of export.
8. Additional animal health tests can be done, in consultation with the seller, at the request and expense of the buyer.
9. Bid prices are net prices excluding VAT. The buyer pays the following: bid price + 5% auction commission + eventual costs for export and transport + VAT.
10. The purchase agreement is a fact at the moment that the auctioneer puts down the hammer and assigns the lot. From that moment on all risks of the animal is the responsibility of the buyer whereas the seller has the responsibility to take 'as good care as possible' until delivery of the animal.
11. From that moment on, all risk to the animal is the responsibility of the buyer, while the seller has the responsibility to take 'the best possible care' until the delivery of the animal.
12. The seller is responsible for the sale, invoicing and post-auction settlement with the buyer. Payment must be made by the buyer within seven days of the purchase, at the latest before transport. The seller retains ownership until full payment is received from the buyer by the seller.
13. For animals sold abroad, it is up to the buyer to make all the arrangements himself, depending on the individual export regulations.
16. All purchased animals must be picked up by the buyer at the above location within one week after sale. After that, the buyer will have to pay feed costs of € 3 per day. If the export requires a quarantine, the cost of the quarantine will be paid in full by the buyer. When the quarantine ends, the buyer must pick up the animal himself or arrange and pay for a transport.
17. The selling females are not insured; Life insurance or other health insurance must be taken out by the purchaser at his own expense.
